

Student Instructions for Completing the Course Evaluations

Using a web browser type the following URL:

<https://eval.lanecc.edu/>

You will be taken to Lane's Central Authentication Service page. Log in using your L-number and PIN.

After logging in, you will be taken to a different page that displays the classes you are enrolled in. Some of the classes will be marked for evaluation and some will not. Each class with an “Evaluate” button is ready to be evaluated. Click the “Evaluate” button for a class to take the evaluation.

	Course	Course Title
Evaluate	CIS 140U (22951)	Intro to Unix/Linux
Evaluate	CIS 225 (22960)	Computer End-User Support
Evaluate	CS 284 (23266)	Network Security Fundamentals

Answer the questions for the evaluation, then click the “Submit” button.

[Submit](#)

After finishing the evaluation, it will be marked as “Completed” and you are done for that class. If there are other classes that need to be evaluated, you may evaluate them as well.

Completed	Evaluate	Evaluate
---------------------------	--------------------------	--------------------------

You may close your browser when you are done.
